

Declaration of Consent

I have read and understood the data protection notice and terms of use for the project „Problem Solving Analysis in Office Simulations (PSA-Sim)“ and agree to participate in the research project and the associated data processing.

I am aware that consent is voluntary and can be refused without penalty or can also be revoked without giving reasons. I know that in case of a revocation, the legality of the consent given up to the time of the revocation processing is not affected. I understand that I can simply contact the following email address luca-office@uni-mannheim.de for revocation and that the refusal of consent or its revocation will not result in any disadvantages. I know that I can access the privacy policy and terms of use regarding data processing in the project „Problem Solving Analysis in Office Simulations (PSA-Sim)“ [here](#).
